

The AIPAGIA Mission:

To promote the open exchange of ideas among a select membership of association group insurance administrators and marketers, in an atmosphere of trust and social camaraderie.

CONNECTING

- We're open by invitation to TPAs, marketers and agencies specializing in the Association/Affinity Marketplace.
- The heartbeat of AIPAGIA is peer trust, exhibited through the open sharing of ideas and willingness to share resources.
- Meetings have a great social dynamic in intimate and relaxed settings.

EDUCATING

- Semiannual conferences and multiple webinars per year are supplemented through year-round peer exchange.
- Presentations by members, outside speakers and carrier sponsors are focused on best practices and the most relevant topics in the industry.
- Membership supports The Johnstone Educational Foundation through scholarships in the fields of Risk Management and Insurance/Business Administration.

ADVANCING

- New and innovative products, technology, marketing and legislative initiatives make regular appearances at our conferences and webinars.
- We promote carrier innovation through open exchange with multiple industry leaders.
- We operate under a unifying code of ethics.

What AIPAGIA members are saying:

"Being an AIPAGIA member gives us a great multi-product national perspective of the affinity marketplace; our membership has been a bigplus for us."

"Members get legal and regulatory updates throughout the year."

"Members get the best content in the affinity industry."

"I enjoy the one-to-one engagement with other members and successful companies in the affinity space."

"I find a lot of value in the interactive sponsor engagements at AIPAGIA meetings."

"AIPAGIA members engage in trusting conversations and relationships."
